MINERS TAKE ANOTHER FROM SPOKANE.

(Special to The Herald.) Boise, Ida., July 14.—The Elders clouted Starkell for twenty bases to-day and smothered the Boise bunch. In only one inning were McCloskey's mer able to get more than a single off Es able to get more than a single on Es-sick. A conspicuous feature of the game was the team work of the Salt Lakers. They sacrificed and played to-gether much better than usual and seemed to have more confidence. Del-mas suffered from cramps and was barely able to play his position. Titus ran bases for him and was kept busy. Umpire Davis called Houtz out at third Umpire Davis called Houtz out at third in the first inning when the ball lay in the grass three feet away. This started a jangle which continued all through the game. Davis giving a half dozen close decisions against Boise. Had he given them all the other way the Elders would have won just the same.

There is considerable talk of transferring the Boise team talk of transferring the Boise team to Heler The

ferring the Bolse team to Helena. The club has liquidated all its indebtedness but the stockholders declare the team is too expensive to carry through the season. Unless the club receives asseason. Unless the club receives assistance tomorrow an effort will be made to hand the team over to Helena intact. The citizens are violently opposed to the proposition, but seem unwilling to back up their sentiments with cash. The source: with cash. The score Boise.

The gun is a 20-bore, twisted and rifled barrel, the rifles being numerous and close together. The gun is made entirely 6f steel, there not being a bit of wood about it. The stock, which is hollow, is covered with leather. Both the stock and the barrel can be unscrewed from the trigger portion of the gun. The lock and mechanical parts are carved in a fancy manner. Commissioner Sharp Finds Heavy Damage Done Near

Miners of Alta and Park City have been playing havoc with Cynamite and traps among the large fish of the Brighton lakes, with the result that a great many spawning trout have been destroyed, and the state fish hatcheries are seriously handicapped for their second crop of fish eggs. The damage was not done in the lakes themselves but in the small streams running in and out of them, where during July the large trout come from the lakes to spawn. On a recent expedition of these streams for the purpose of gathering fish eggs. State Fish and Game Commissoner John Sharp found instead of his expected supply, a trap set in the mouth of a stream running into Twin lakes and evidences of dynamiting on nearly all the adjacent streams. He learned on inquiry among campers at Brighton that men have been coming over the mountain from Alta and Park City and working the streams. A guard of two men was at once established and every precaution will be taken to protect the fish in the future.

Commissioner Sharp stated on his return from Brighton that the damage is serious, as the death of each spawning trout means the loss of from 1,000 to 4,000 eggs. It was on the streams near Brighton that the commissioner was depending for his second crop this season, the cold weather having destroyed the source of supply at Fish lake, whence the crop usually comes.

Hagen, better known as "Philadelphia Jack O'Brien," today filed a bill in equity in the common pleas court in their behalf against Mayor Weaver and Director of Public Safety Smyth, who is at the head of the police department, praying for an injunction restraining them from interfering with the Fitzsimmons-O'Brien bout, which is scheduled to take place Saturday, July 16, or Saturday, July 23. The bill was presented to Judge Audenreid in chambers and he fixed 11 a. m. tomorrow for a hearing.

The bill sets forth that the Philadelphia Baseball Exhibition company has granted the use of the National League baseball grounds for a sparring match between Fitzsimmons and O'Brien and that a portion of the proceeds was to be devoted to the evening Telegraph free ice fund; that the exhibition was scheduled for July 8 and that the mayor notified the management that he would stop the exhibition if the interested parties proceeded to go on with it. Eight visitors at the resort found themselves, after returning from their briny bath, minus some of their wealth.

A light-fingered individual, believing that money and valuables ought not to be lying around loose, proceeded to help himself to a few. Accordingly, during the middle of the afternoon, he visited seven of the dressing rooms and ransacked the clothing found in them. At the time he seemed to care for only gold and silver coins, as he left several pleces of valuable jewelry.

When the bathers returned there was consternation and confusion around the bath house. In a few moments seven angry men were lined up before the desk claiming losses varying from 3 to \$20. They obtained but little satisfaction, however, as one of the rules of the house is that all valuables must be checked at the desk.
